

Figure similar

\*\*\* spare part \*\*\* SIMATIC S7-200 CN analog input EM 231, only for S7-22X CPU, 4 AI, 0-10V DC, 12 bit converter this S7-200 CN product only has CE approval

Power loss																																								
Power loss, typ.	2 W																																							
Analog inputs																																								
Number of analog inputs	4; Difference																																							
Input ranges																																								
• Voltage	Yes																																							
• Current	Yes																																							
• Thermocouple	No																																							
• Resistance thermometer	No																																							
• Resistance	No																																							
Analog value generation for the inputs																																								
Integration and conversion time/resolution per channel																																								
• Resolution with overrange (bit including sign), max.	12 bit																																							
Dimensions																																								
Width	71.2 mm																																							
Height	80 mm																																							
Depth	62 mm
